Methodist Assembly,

In point of attendance and interest, It was thought that the uncertainty into which war has plunged the country would cut the attendance below that of last year; but up to date the indications are that the registration will be a record one.

The programme has been full of interest from the beginning. The clear-ness and forcefulness with which Dr. John McCarthy delivered his Bible lectures won the very highest com-mendation. The sermons of Dr.Morgan won new laurels for him, while it has been said many times over that Mrs. Burger's address Sunday morning was the best of all her many as-sembly addresses. Dr. Plato T. Dur-ham, Dean of the Theological School of Emory University, won the hearts of his hearers at the start, and his sermons and Bible lectures are consider-ed among the best ever delivered on the grounds; while Dr. Dr. Jno. A. Rice's Sunday School address and his address on Christian Education were people three years ago. Dr. McMur-ray was present for a short time, but

got sick and had to return home. It was announced that the S. S. attendance last Sunday was almost dou-ble that of the second Sunday a year

The programme for the remainder of the week is rich, The Woman's of the week is rich, The Woman's Missionary Society's part, in charge of Mrs. C. M. Hawkins, the conference president, occupying a large place. Dr. John M. Moore, Secretary of the General Board of Missions, will arrive to-day and preach to-night. He will 'also deliver several missionary addresses. Prof. Chas. Lane will deliver his inimitable lecture of "Philosophy and Fun." Friday night, and Dr. ophy and Fun," Friday night, and Dr. Waldrip, who thrilled his auditors last year will preach Saturday night, Sunday and Sunday night. Mrs. Hawkins will deliver an address at 2:30 P. K. Sunday, at which time Marvin College will furnish a short musical programme. To-night the Community Choral Club will furnish the singing.

(Poplar Bluff Citizen-Democrat) Poplar Bluff Baptists are going to be well represented at the Baptist Assembly at the Valley of Arcadia this year. The meeting which opens

on August 7th continues until and including August 19 is expected to attract visitors there from all over the state and to bear unusual charm for Southeast Missouri folk.

The Rev. Paul Weber, pastor of the First Baptist church, and the Rev. William S. Smelser, pastor of the Second Baptist Church, and a great many laymen will be in attendance.

The program is out and it shows a wonderful fine line-up for the season. One of the very pleasing disclosures is the fact that the Rev. Dr. J. P. Green, president of William Jewell College, the Baptist theological school in Missouri, and formerly pastor of the third Baptist Church in St. Louis, will be the assembly pastor. He is well known in this city, having visited here many times.

Eight years ago the enrollment at the Arcadia Assembly was 260, while now it runs about two thousand annually.

Des Arc Items.

I stopped at the Arcadia Assembly Sunday and came to Bismarck in a car with my friend, Lucy, and family. We drove to Bismarck in a heavy rain; passed nine disabled cars; one in front of the Emerson park, in Ironton, in a ditch. I never saw so many cars at one time, one behind the other. More than 100, I guess; could not count them; six of them from Potosi and many from the Lead Belt and Fredericktown. We heard a fine sermon by Dr. P. T. Dodge, of Atlanta, Georgia. His sermon, alone, worth the trip to Areadia, beside meeting many old friends. I see Piedmont is improving. Some

capitalists have bought 8,000 acres of land, lying east of Piedmont, and are working up the timber into ties and lumber. They are also running a big coaling, and have an elevated wagon from which to unload the coal into the car. Brooks & Reese of Annapolis are putting up a hickory handle factory at Piedmont. Mr. Brooks will run the handle factory and Mr. Reese will stay with the store at Annapolis. They are both fine business men and will make a success. I see the price of wheat is \$2. That

is about right; it means about \$12 a barrel for flour. The Missouri Southern railroad is now making connections with No. 4

at Leeper.
Dr. C. H. Jones of Brunot was in here to help nurse her little granddaughter.

There is quite a lot of sickness here mong the children. Len Morris has gone to Poplar Bluff to consult a physician. He has a very sore hand, having blood poison, caused from a scratch, received while

working in the shop here. Ben Keathley is moving his family to Brunot, where he is putting in a handle factory.

Miss Virginia Morris has returned

Mrs. John Stevenson and two children are visiting relatives at Poplar Miss Eunice Morris is visiting her

aunt, Mrs. Ed Maddock, at Hoxie, Arkansas.

Mrs. T. P. Fitz has gone to Lilbourn,

Mrs. Dr. N. A. Farr, Mrs. Fred Farr and Mrs. R. H. Stevenson went to Arcadia Saturday to attend the W. C. T. J. features on the program at the M. E. Assembly. Mrs. R. H. Stevenson, the County President, was on the pro-

gram, and she reports the work as progressing and very interesting. E. W. Fitz, who has been making his headquarters at Kensett, Arkansas, for the Western Tie & Timber Company, will be moved to Poplar Bluff, Mo., where he will take charge of such practical worth as to sustain of the work and accept the position the good opinion he won from the his brother, C. S. Fitz, gave up when

he enlisted in the navy. C. S. Fitz will leave Brooklyn, N.Y., Monday with 700 young men for Cambridge, Massachusetts, to enter Harvard University and study wireless

telegraphy.

Mrs. John Reed has received a letter from her two boys who are with Gen. Pershing in France, stating they arrived there June 27th, were well and feeling fine. They were not yet stationed, but said they would write a long letter soon. She has been very anxious to hear from them and we are pleased and happy to know that two of our Des Arc boys have landed and we hope the others may reach there in safety. May God protect and send our boys back to us is our prayer! Mrs. Bessie Lovelace and daughter,

From Near Arcadia Heights.

Your writer wrote his last letter to the REGISTER from St. Louis. At present prices, of farm productions, we thought it best to come home and look after the farm here and at Roselle. The prospects for an excellent yield of corn is very flattering, indeed. Potatoes, cabbage, onions, beets, beans, and in fact, everything that is raised in the garden, were never better than now. This means very much, not only to the farmer, but to almost every line of business. We noticed a wagon load of corn from Belleview Valley yesterday, which was pulled into Ironton with two horses, and we understand that this load of corn brought the owner 876.00 in cash. With corn selling at \$1.90 to \$2.00 per bushel, it pays every farmer to look after his crop of corn, and we are glad to note that that is being done.

Several from this locality have been attending the services at the Mathedia. Your writer wrote his last letter

Several from this locality have been attending the services at the Methodist Assembly, near Arcadia, and report

that everything is satisfactory. The Baptist Assembly will convene on the Arcadia Heights August 6, and continue for two weeks. No pains will be spared that will tend to make this one of the best (if not the best meetings ever held on the Heights The grounds have been put in first class condition, the tabernacle and pavillion have been very much improved in general appearance—in act everything looks neat and inviting, and we are sure that those who attend the Assembly will feel much has been done for their comfort and pleasure during their stay on the Heights. Ernest McClurg, of Mann, this county, was in Ironion Saturday. Ten years ago he was a pupil of the writ-er's at Cedar Grove.

We have just been looking over the list of names of those drawn from this county for the first call for the war draft. Of course, many of those called will fail to pass the physical test, and others will be from various reasons exempt, and consequently i may be possible that others from county will yet be called. Now that our own dear brave boys have been called into training preparatory to being sent over the Atlantic ready to engage in actual war, the war prob-lem means much more to us, becomes a tangible reality, and will cause an aching void in the hearts of many a father and mother, wife and sweetheart. It's simply awful to contemplate, and yet it is all, or nearly so, caused by old Bill Kaiser's colossal greed for autocracy and dominion. But we are glad to note that German autocracy is being lowered, and that Bill Kaiser is beginning to learn some thing of the might and force of old Vox Popull. O, the cares, the trouble and the worry this war brings to us! But some day, as Longfellow has
